Map Produced By:  
Office of Assessing and GIS

Map for guidance only. Always obey posted parking signs and pavement markings. Parking rules are strictly enforced. Never park in a manner which obstructs traffic. Never park on a sidewalk, in front of a driveway or alley, within an intersection, within 10 feet of a hydrant, on a crosswalk, within 15 feet of a corner or stop sign, along the side of another vehicle, upon any bridge, or any place where official signs or curb painting so prohibit. Always park in marked spaces when they are clearly present. No vehicle may be parked on a public street or public parking lot for more than 72 hours. Recreational boater parking permits are available from the Harbor Master. For additional parking and traffic regulations, refer to The Code of the Town of Bar Harbor, Chapter 194.
