

Building Envelope Specialists

SPECIALIZED BUILDING CONSULTANTS

"Your single source for your building consulting needs!"

Building Envelope Specialists Inc. is a full service consulting company specializing in the investigation, evaluation, and repair of historic and non-historic building envelopes. BES offers architects, engineers, facility managers, maintenance departments, and owners a **single source** for their building envelope needs. From onsite assessments and the preparation of construction documents, to project management services during construction, BES provides their clients a level of professional services beyond their expectations.

Our office is conveniently located in southern Maine, BES is always near by, able to respond quickly to the client's needs. Whether a sudden moisture infiltration from a storm or the planning stages of a capital repair project, we are there to lessen client's worries with dependable and reliable service.

From the newest building construction to a historically significant structure, next door or miles away, BES will provide construction-consulting

services beyond your expectations.
