Bar Harbor, ME 04609

RE: **2267-Bar Harbor South**
134 Kitteridge Brook Road
Bar Harbor, ME 04609

To Whom It May Concern,

Dewberry-Goodkind, Inc. has prepared the engineering Construction Drawings for the proposed AT&T Mobility telecommunications facility at the above referenced location. The proposed facility includes a 125' tall communications tower with three sectors of antennas (4 antennas/sector), a fenced compound, and an equipment shelter and diesel generator installed at grade inside the fenced compound. A transformer, meter stack and telephone cabinet will be located at grade.

The estimated cost to construct the AT&T Mobility installation, including clearing, excavation, erosion controls, gravel, electrical and foundation installation is estimated to be approximately **\$113,700**. The breakdown below is provided by AT&T Mobility, based on typical site construction costs.

- Clearing & Grubbing	=	\$ 9,000.00
- Excavation	=	\$ 23,000.00
- Erosion Controls	=	\$ 3,500.00
- Gravel	=	\$ 22,000.00
- Electrical	=	\$ 21,200.00
- Foundation	=	<u>\$ 35,000.00</u>
TOTAL COST	=	\$113,700.00

Please do not hesitate to contact us should you have any questions or comments, or require any further information regarding this matter.

Sincerely,
Dewberry-Goodkind, Inc.

Bradford A. Mills, P.E.
